CHAIRMAN’S REVIEW

It is my pleasure as Chairman of RACE Incorporated to report on the financial year 2013/2014.

In financial terms the year has produced an operating loss pre depreciation of (\$299,263). While this is a disappointing outcome it is in the face of a number of extraordinary issues that confronted the business during the year.

The main items that affected this year were earthquakes, weather and a reduction in anticipated Grants income.

These three items amounted to a net contribution loss of in excess of \$130.000.

The year started literally with a jolt when the Otaki Maori Racing Club meeting scheduled for Trentham in September had to be abandoned when we were struck by the earthquake that was felt in Wellington and surrounds.

While no impact occurred to any buildings or structures at Trentham we had a duty of care to inspect facilities and were unable to do so in time for the race meeting to go ahead.

The earthquake not only affected the running of the day and trading profits but along with the subsequent shake felt on Wellington Anniversary day has resulted in considerable expenditure to have buildings and structures assessed by engineers.

The second item impacting our result was weather. In a racing sense we actually perform very well however appalling weather at our Otaki Family Day in January saw an anticipated crowd of around 5,500 turn into less than 500 people attending. Although not to the same degree Boxing Day at Awapuni was also affected by early morning weather.

The last item was that of Grants income.

Grants funding has seen a withdrawal of funding by several trusts including NZ Community Trust.

This has been exacerbated by the NZ Racing Board taking an aggressive commercial stance in competing for venues with the result that the NZ Community Trust are no longer considering applications from the RACE Group. They have historically been a great supporter of racing and this stance has had a significant effect on our opportunities for Grant Funding.

The result is that the NZCT have withdrawn all funding from RACE Group which has had a significant impact on our profitability.

This is an issue that the NZRB need to take some responsibility for as it is having a very serious effect on the Race Clubs that put on the very product that they need to survive.

While we understand and respect the commercial realities of the NZRB direction the body needs to understand that it cannot operate in a commercial vacuum ignoring the very industry it is supposed to support.

In 2009/2010 RACE Incorporated had a debt position of \$12.2m following the GFC and a downturn in the property market.

As at year end 2014 RACE’s debt stood at \$8.6m. While this has been a pleasing reduction the level of debt is unsustainable for a Racing Organisation and it is imperative that this is reduced as soon as possible.

In the 2013 / 2014 financial year \$414,598 was paid in interest alone that was in our result of (\$299,263).

We have established a debt reduction / asset divestment plan that involves primarily selling down surplus land assets at our RACE venues.

In our Budget for 2014/2015 we have planned to reduce debt to a maximum of \$8.1m funded from the last of the Grand Oaks sections in Palmerston North and a parcel of land at Trentham to be sold to Hutt International Boys School.

All land identified to sell is surplus to racing requirements.

Our racing activities have been successful despite the impacts of earthquakes and weather.

RACE Incorporated outpunches its weight in racing terms.

We are 12% of all races run in NZ but 16% of all on course turnover in New Zealand.

Our racing divisions performed well this year with Awapuni based Clubs producing a racing only profit contribution well ahead of budget, Wellington marginally under budget and Otaki Maori Racing Club down on Budget by a significant margin due to earthquakes And weather.

There were some spectacular racing performances this year with our Group races producing some wonderful racing.

Our Group 1 winners were:

- Captain Cook won by Shuka
- JR & N Berkett Telegraph Handicap won by Irish Fling
- Thorndon Mile won by A Touch of Ruby
- Haunui Farm Otaki Maori Classic won by Nashville
- Wellfield New Zealand Oaks won by Miss Mossman
- The Oaks Stud Manawatu Sires Produce won by O'Marilyn

The Ocean Park Levin Classic while not being one of our races was won by Recite. This race is becoming a New Zealand Classic and the Levin Racing Club is to be applauded for their vision in moving this to Trentham over the Wellington Cup Carnival.

Not only was our racing an outstanding success but we produced the Premiership winning trainer in Lisa Latta. Based at Awapuni Lisa has dominated training this year and we are very proud to have her training from our facilities at Awapuni.

We have been privileged to have a great and loyal stable of sponsors from the day to day sponsors and business houses that underpin our success and race days through to the feature performers on the bigger days.

We were delighted to welcome Platinum Homes to the sponsorship of the Platinum Homes Wellington Cup and I am pleased to advise that Platinum have resigned for the 2014/2015 year as well.

The Group 1 JR & N Berkett Telegraph Handicap is one of our greatest races and Jeff and Noeline have again signed up for a further 3 years and we are absolutely indebted to them for their kindness and support.

There have been a number of new and old sponsor partners involved and who are continuing to support RACE as we go forward and we are very grateful for their support.

I am particularly pleased to welcome this year Wellfield Stud to an expanded relationship with RACE that will involve not only sponsorship of the Wellfield NZ Oaks but now in addition the Wellfield Desert Gold Stakes.

Wellfield have also sponsored the Wellfield Triple Crown a series for 3yo fillies that will include the Lawnmaster Eulogy Stakes, Wellfield Desert Gold Stakes and the Wellfield NZ Oaks Stakes.

If a filly wins all three races then Wellfield will pay a \$100,000 cash bonus to the connections.

In addition Wellfield have put up service prizes for Alamosa and Road to Rock as part of the series.

Our business depends on great staff and during the year I have to thank three people in particular who left RACE and thank them for their work over the years.

Lyn Biddle retired as Track Manager Trentham, while Ryan Ayers left to become a partner in his own accounting firm and Chris Allen was offered the job as Track Manager in Wyong NSW.

We wish them all the best for the future.

During the year Kate Dench and Kim Treweek joined us as CFO and Group Tracks Manager respectively and both are making a real impact on the business.

I would also like to thank the committees of the RACE Incorporated clubs who have worked so hard over the past 12 months and I especially wish to single out thanks for John Henderson who stepped down as Chairman during the year.

John has made a huge contribution and when we did not have a CEO in place along with the senior Executives team of Darin Balcombe, Brent Wall and Lewis Jones held the fort.

During the year we appointed Alasdair Robertson as CEO. Alasdair has brought with him a wealth of knowledge having been at Perth Racing and the Melbourne Racing Club at Caulfield.

He has made the Chairman's and Committee's jobs much easier as he is fully skilled in staff management, property development and racing administration, something that the Committee did not have the time or skills to manage.

With Al's vision and drive both John Henderson (Past Chairman) and I are sure RACE will become an Industry leader and fulfil the original plans for the future of the RACE Group.

He has worked tirelessly and long hours for the good of us all at RACE, thank you Al.

In closing it is appropriate that I comment on the state of the industry and the need for leadership to be shown by key industry participants.

The cost structure of this industry is completely disproportionate to its size and it is imperative that the Board of the NZRB face up to this fact and address the issue for the sake of all Clubs as well as all stakeholders in this broader business.

CEO’S REVIEW

CEO’s Address

I am pleased to be presenting my first commentary as CEO of RACE Incorporated.

While our result this year is an operating loss pre depreciation it is in the context of a number of issues that we have been actively addressing.

When I joined just on 12 months ago the draft Budget was for an operating loss of in excess of (\$500,000) pre depreciation.

One of our first tasks was therefore to address this to get a more sustainable base for the year underway.

Thanks to Ryan Ayers assistance we produced a final Budget of (\$202,000) and with the impacts of earthquakes, weather and grants have produced a final outcome of (\$299,263).

I am pleased to advise that through the work we have conducted this year we have published a budget for the 2014/2015 year with an operating loss pre depreciation of (\$79,000) and believe that this is achievable.

In itself however that is not satisfactory and we will be targeting over the year to produce a positive cash position for RACE as a whole.

Part of the work we have been conducting this year has been cost focused but other has been with a view to better performance and growth.

We believe we have a very strong underlying business and by working on the key elements I am confident that we can turn RACE around to be a major ongoing contributor to this industry.

For the coming year we have made a number of race day changes in both a financial cost sense as well as a culture sense.

Our race day cost structure has been reduced and we believe will also be improved in a service and appearance sense.

We have conducted a rigorous analysis of our Marketing activity and spend and assessed our return on investment.

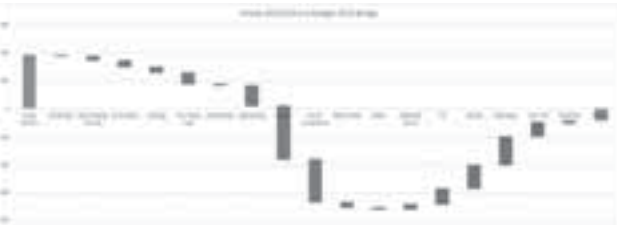

As a result we have been able to identify significant savings in this area as well.

It is interesting to plot our performance over the past 5 years

In 2010/11 we produced a profit before depreciation of \$386,000

When we analyse how this compares with the Budgeted 2014/2015 position of (\$79,000) some quite startling figures emerge.

The “Bridge” shown below demonstrates how various financial items have changed from 2010/11 to Budget 2014/15.

In that period we have lost an incredible \$687,000 in Grants and nominations and acceptances income alone.

At the same time we have actually reduced salaries and wages at the same time as making savings in marketing, race day services, race books and tote wages.

One thing we continue to face is the impact of our debt on the performance of the business.

In the Budget year 2014/15 we are anticipating reducing debt by \$500,000 but still facing an interest expense of \$467,000.

It is imperative that we reduce and hopefully eliminate our debt within RACE as soon as possible.

Realistically this will only happen in a material sense though some targeted asset sales and we are in negotiation with a number of commercial partners for land at Trentham and Awapuni to achieve these goals.

No business can however survive only on debt reduction and we have to have a parallel plan to reinvigorate the business and grow and develop our members, sponsors and general public performance on race days.

As a result we have agreed a position with our funding partners that some working capital is retained within the business from asset sales to enable us to cash flow some growth initiatives.

These will also have a negative impact on P&L beyond where we might otherwise be however this is effectively an investment we must accept to reconnect the business.

While these are relatively modest they are at least a start to re-engage with our key stakeholder and business partners.

This year you will see some changes at both Awapuni and Wellington to better service our loyal members, owners and trainers within the Group.

At Awapuni we have reconfigured the birdcage to give access to owners and trainers with runners on the day and enhance their race day experience.

We have also built the Wellfield Owners Suite. This is a high quality room in amenity and décor that will be a base for owners and trainers with runners on the day.

Members will also be able to access a make your own sandwich offer on the main Members floor.

A Trentham the outer parade ring is being reconfigured to provide greater safety and access to owners and trainers

As Rex mentioned we also delighted to have Wellfield sponsoring the Wellfield Triple Crown for 3yo fillies with its climax on Wellfield Oaks Day at Trentham.

We have put a lot of effort into improving the overall product for our members and stakeholders to try and engage with the community.

In Wellington we have taken the brand and totally refreshed it to take Trentham back to Wellington.

The Wellington Racing Club has been one of the great clubs of the world and should be again.

We have started to re-engage with Wellington City as well as Greater Wellington and this past year had our first live barrier draw in Midland Park at lunchtime on the Wednesday before the Platinum Homes Wellington Cup and put on a BBQ to shout Wellington a free lunch to celebrate.

On the Friday we hosted a Wellington Cup Eve luncheon at Rydges Hotel with Bjorn Baker as guest speakerr.

This year Peter Moody of Black Caviar fame has advised that he will attend both the lunch and Platinum Homes Wellington Cup Day and we look forward to seeing one of the greats at the Wellington Cup meeting.

This year we have introduced a whole new membership structure to complement our re-engagement with the community and have introduced a number of new categories and benefits.

Most notable is the benefit package that members gain by being part of the RACE family.

Discounts to Black Dog Brewery, Tui HQ, Ezibuy vouchers and lots more contribute to a package that very few Clubs of any sport could match.

On top of this we have negotiated reciprocal rights not just within NZ but with all major Australian Clubs including the ATC, VRC, MVRC and MRC.

A new initiative this year that we are especially looking forward to is the Members Horse Club.

All members are now the “owner” of a beautiful 2yo filly by O'Reilly out of a winning Redoute’s Choice mare from one of Frances finest female families.

To be trained by Gary Vile members will be asked to name her, design her colours and then when she races we will randomly invite

20 of you to join us for a VIP race day experience as her owner.

You will meet the trainer, jockey, have a briefing, behind the scene tour, get free Horse Club merchandise and if she wins lead her in as well.

All of this and access to the Wellfield Owners Suite with complimentary food and beverage.

As part of our re-engagement with the community we have introduced the EDGE Membership for people under 30 years of age.

This is a collaboration with The EDGE Radio station and gets the same great benefits of full membership, membership of the horse club as well as free access to both the Edge Student Marquee at Awapuni on Boxing Day as well as the Centrefest party area on Wellington Cup Day.

We have much to achieve over the next 3 years and it is our goal to have RACE debt free and producing an EBITDA contribution well in excess of \$500,000 per annum by 2018.

I am confident that we can achieve this and be a very important part of the NZ racing industry.

I would like to thank the previous Chairman John Henderson who has been a privilege to work with and also the new Chairman Rex Fell for his enthusiasm and support.

I would also like to thank the Executive team and staff across the business.

There are very few of them and all are punching well above their weight in contribution terms.

Thank you for your continuing efforts and single minded determination to help us put RACE Incorporated at the top of the NZ Racing ladder.

Alasdair Robertson
CEO RACE Inc.

PRESIDENT’S REPORTS

MANAWATU RACING CLUB (INC)

This year’s 2013-14 season was my first as the President and I have enjoyed my time immensely, although not always running smoothly with cancellations & lack of growth in stakemoney. It has however been a thoroughly rewarding year for me.

Manawatu as a Club has survived the downturn in betting very well due to the efforts & work of the Committee into each raceday. The Committee must be congratulated on the amount of sponsorship they have attained, with every race being sponsored. Our major sponsors for the season were The Oaks Stud, Ezibuy, Lawnmaster, Manawatu ITM, J Swap, Hotel Coachman and Higgins. May I thank you and all our other sponsors for your continued support of Manawatu. A new fillies series will be run this across the RACE Group that involves the Lawnmaster Eulogy Stakes and may we thank Wellfield Stud for sponsoring this series. This will be an added incentive for owners of three year old fillies.

Our Group One Oaks Stud Manawatu Sires Produce Stakes raceday continues to be our flag ship event with outstanding racing. This year’s event was no different with Oaks Stud Manawatu Sires going to the Stephen McKee trained O’Marilyn who beat stablemate Prince Mambo and Artic Wolf. This would prove to be a Northern trifecta of our Group One event. Again the Northerners dominated in the Group Two Ezibuy Awapuni Gold Cup with Soriano under a beautiful ride from Noel Harris defeating Military Move and Nashville. Another Northerner Lady Cumquat would take out the Higgins Manawatu Classic at Group Three level. In December we had a beautifully presented track for all three days racing. The black type races were taken out Whistling Dixie in the Group Three Ezibuy Eulogy Stakes on the first day, Military Move would hold out Who Shot Thebarman in the Hotel Coachman Manawatu Cup and the Central Districts would win the last black type race with the Alan Sharrock trained I Do winning the Cash Converters Manawatu Challenge Stakes.

Financially Manawatu has contributed significantly to the RACE Group and play a vital role in its success. While we have been through tough times we have still managed to maintain some of the best racing at Awapuni and look forward to this continuing.

Another highlight for the season was Awapuni being the training base for the first individual female to win the New Zealand Training

Premiership in Lisa Latta. Lisa has been runner up in the past and it was great to see her gain this deserved honour. We must also congratulate Gary Vile and Mark Oulaghan who trained there first Group Ones in the past season from there Awapuni bases. Gary would win with Ransomed in the Spring Classic at Hastings and Mark with Who Shot Thebarman in the Auckland Cup.

Many changes have been made during the season with the appointment of Alasdair Robertson as our new CEO. Alasdair has brought with him his wealth of knowledge including land sales, sponsorship, staff management and many other facets to our business. He is a huge asset to all the tenant clubs and also the RACE Group. He has made my job very easy and I thank him for this.

It was also with sadness we lost Chris Allen our Awapuni Track Manager for ten years to take up an appointment at the Wyong Racecourse in Sydney, Australia. Although upset to see him leave it is also a major step up the ladder for him for his future and I sure we will one day see him in charge of a major metropolitan track in Australia, such was his ability and skills he learnt while at Awapuni. I wish Chris all the best in the future. His vacancy has been taken up by Brad Childs who has worked under Chris for the last five years and is doing extremely well in his new position. Graeme Martin is retiring off the Manawatu Committee after thirty nine years. His contribution to the Club has been immense with ten years as Vice President and four years as President. He has overseen some major changes at Awapuni in that time and I can only thank you for all your work you have done for racing in the Manawatu. Martin How a Committee Member for ten years is also stepping down from the Committee. Martin has been an Honorary Treasurer for this time on the Committee and I would like to thank you for your input and help over the past. We all hope to see you both back at the races in the future.

To all our staff my sincere thanks for your help and hard work over 13/14. We have a great team on the tracks and in the office and you have all risen to the challenges you faced and your efforts are appreciated.

Our Club has always had a vision within our Committee for our Members and we feel we are achieving these goals for the future of promoting the best racing possible at Awapuni. Thank you for all those who have helped.

Rex Fell
MRC President

MARTON JOCKEY CLUB (INC)

The 2013/2014 year was my third and final year as president and what a fantastic year it was.

The year started with another great Merial Ancare mile meeting. The farm tour and Calcutta on Friday, and races on Saturday with the silks room at capacity. With an on course turn over \$134,000 up \$8000 on the previous year.

The race being won by the Jason Bridgeman trained Thrive, with Commett and Sacha filling the minor places. The Calcutta being won by the Merial boys again. I would like to thank Doug and Ken for the fantastic weekend they organised.

The Gallagher Marton cup was held on the 11th January, it was slightly difficult to organise this early in the year as business are still coming back after the Christmas break. We are very privilege to have had Gallagher as our major sponsor for the last 16 years and hope this continues for another 16.

The Jockey and the golf club worked together again this year to put on the golf tournament on the Friday and Races on Saturday - this continues to work well a big thank you to Mark, Sam and the Golf club committee for organising the two days.

Saturdays racing was great with the Chris Wood’s trained Guns at Five, winning the cup with Smarty second and Figure again third. It gave me great pleasure to present the cup to Chris, because he has always bought horses down to the Marton meeting and I thank him for that. A disappointing turnover of \$126,000 from 9 races - this is a sign of the times.

The February Thursday meeting, our first ever twilight race day. We have Balance Agri-nutrients as the sponsor for the whole day. The mid February earthquake had this meeting on hold for 10 days up until a week before the race day. That caused us a few problems with being unable to promote the day, Balance was very understanding and we battled on. A band was employed for the evening, and a very enjoyable day was had with a turnover of \$46,000 - nearly doubling last year’s turn over. This race day is a work in progress with Balance committed for another 2 years. We can build on what we learnt in the first year and make this day bigger and better as the years go on.

The final race day is of course the business house race day - what a brilliant day. Jack, Johnny and Jono organised another great party in the Silks lounge for the Marton Business, The Beat girls were employed for the latter part of the day and into the evening. Turnover of \$117,000, up on last year with one less race. Jack loaded the last bus at 7.30pm to end the fun day.

On the race board front - what a difference a good CEO makes, there is never a dull moment with Al Robinson at the helm. Property sales of excess land at Trentham and Awapuni are making progress to reduce our debt.

Sad to see Chris Allen resign and move to greener pastures and Tineke moved to a part time role. The restructure of track staff with Kim Treweek in charge and Mel Treweek taking over Tineke’s role

On a sadder note, I was very sorry to hear of Lenny McBeth’s passing. Past president and life member, he was on the committee when the Marton race course was closed and they shifted the club to Awapuni. The committee that Len was involved with was light years ahead of other clubs. There are still clubs today that need to merge and close tracks for the good of racing. Some of the stories Shona told me, they had a lot of fun in those days. The Marton Jockey club today is a better club for having Lenny in its history.

In closing I would like to thank my committee for all of their hard work they have put in to make this club successful. Marton Jockey Club is very lucky to have such loyal and long-time sponsors. If everyone involved in this club could give our sponsors an opportunity to gain their business, as they are a vital part of the financial stability of this club.

John Henderson is standing down at the AGM; I would like to thank John and Sally for their years of service to the club.

I wish Mark all the best in his presidency and hope he enjoys his time as much as I have.

Peter McDougall
MJC Club President

FEILDING JOCKEY CLUB (INC)

While the Feilding Jockey Club again had a successful 2013/2014 season, the racing industry continues to face very significant challenges such as Racing Board blowouts in their infrastructure whilst we are still chasing the same stakes money as 20 years ago.

This has to improve for the racing industry or we will lose owners, breeders etc.

The first meeting is our feature day being the Feilding Gold Cup which is proudly sponsored by Ricoh. The weather played it’s part producing an outstanding day which in turn proved the patronage to be very good. The Silk Room and other rooms were fully sold out.

After a successful Calcutta the previous evening, the Ricoh Feilding Gold Cup was won by an outsider of the field Little Alfie Brown at odds of 55-1, to the delight of one astute punter from Feilding, beating home the favourite Guns At Five.

Congratulations go to the trainer, Peter Blick, and jockey Regan Norvall.

Our other feature race on Cup day is the Courtesy Ford “Redcraze” Bowl. This was won by I Do who has since gone on to greater things in winning the Foxbridge Plate and the Makfi Challenge Stakes to give her Group 1 honours.

Next up was our Anzac Day meeting with the feature race being the Manawatu ITM Anzac 1600 which was won by Julinsky Prince ridden by Johnathon Parkes. While the track was rated a heavy 10, the racing was very good with a great crowd in attendance.

The FJC last day is an industry day comprising of an eight race programme. A big thank you goes out to Mark Pickford who successfully promotes this as a building industry contractor’s day with great support from local building industries in and around Feilding. Although the weather wasn’t great, the club managed to make a profit on the day.

To make a successful jockey club there is a lot of hard work done behind the scenes and I would like to thank our committee and their wives and partners for their efforts. Particularly our sponsorship manager Mark Pickford who does a tremendous job to make sure our race days are fully sponsored.

The FJC would also like to thank all our sponsors who have supported our club in the last season. Your sponsorship is invaluable to us, both from a funding point of view and a social perspective with the people you bring along to these days.

As part of the RACE Group, we continue to operate in a challenging financial position, with continued land sales, and will see further reductions in our debt. To improve infrastructure this costs a lot of money but this can only happen with lower debt and improved cash flows.

The FJC would like to thank all the hard working staff behind the scenes at the RACE Group Awapuni, especially Brent and Tineke for making our race days run smoothly.

Once again thanks to all involved in the Feilding Jockey Club and I look forward to the coming season.

Darrin Holm
FJC President

RANGITIKEI RACING CLUB (INC)

The Rangitikei Racing Club has had a stellar 2013/2014 season despite the significant challenges facing the Racing industry. The Rangitikei Racing Club held two very successful meetings during the season. Our November meeting was the first time our Club has been involved in “Xmas at the Races” which was held on a Saturday instead of a weekday due to the NZTR Strategic Committee making Saturday meetings a priority at premier venues. I would like to thank Brent Wall who facilitated this opportunity. The November meeting had a profit of \$37,757 against the budget of \$28,093. The Bulls Country Cup, kindly sponsored again by Scully’s Lavender Products was run over 2100 metres and was won this year by lamishwara trained by Tony Kane of Awapuni and ridden by Amy Taylor.

Racing is about entertainment and with this focus we were fortunate enough to attract super model Rachel Hunter accompanied by her mother and aunt for our November meeting. From the minute they arrived on course in a helicopter the course was a buzz. Their attendance brought the public on course, created District wide interest and added significantly to the bottom line. Rachel was the perfect guest, engaging with everyone young and old.

Our main meeting in May saw the running of the James Bull Rangitikei Gold Cup over 1600 metres. This race continues to be sponsored by the Bull family which are iconic to Rangitikei. We thank them for their continued ongoing support. It is hard to imagine this race being run without this connection. The Bull family have guaranteed a minimum stake of \$50,000 for this race for the next couple of years. The cup was won by Julinsky Prince, trained by Marton’s Fraser Auret and ridden by Jonathon Parkes. The race day produced a profit of \$48,974 against a budget of \$44,343.

The financial results achieved reflect the hard work of the committee and the continued loyal support of a number of sponsors. We were pleased to attract additional sponsors to the Club who have helped bolster our sponsorship budget.

The aim of the Club is to maintain and develop long term ongoing relationships with our sponsors. As I always say “it’s a hell of a lot easier to keep your sponsors than find a new one”. The committee hosted a sponsor’s dinner at The Coachman Hotel followed by a show at Centre Point Theatre. Everyone who attended, all 42 of them had a great night.

The Rangitikei Racing Club is part of the Race Group and is fortunate enough to share in the services and support of the Race staff. I would like to make particular mention of the work of the Race Groups new CEO Al Robertson. Al has a vision for the Group and brings significant experience to the role. He is ably supported by his staff. In terms of Rangitikei I would like to thank Brent Wall who comes religiously to our meetings (I’m certain it’s not just because of the beer), puts up with the antics of our committee and is supportive of our initiatives. Furthermore to and Tineke Balcombe who has provided the support for Race days including liaison and development of proposals for sponsors.

It has long been said that behind every good man there is a good woman and this is true of our Committee. I would like to thank the support of our Committee’s wives and partners (hopefully only one each) have shown during the course of the year. Their contribution is acknowledged and appreciated. I am hopeful they will become more involved as we attempt to develop strategies for the growth of the Club. A great deal of voluntary time is put in by our Committee and our Race days are seen very much as a District social event with the emphasis on getting as many people from the Rangitikei involved as possible. I would like to thank my Vice Presidents Tim Harris, Bryce Newman and Bill Jamieson for their support.

This has been my first year as President following on from the retiring President Dave Wilson who was President for 5 years and member for over 30 years. Dave has never hesitated to give advice when asked and continues to be a fantastic supporter of the Club. I wish him and Fiona all the best in their life in Cambridge.

OTAKI-MAORI RACING CLUB (INC)

The 2013/ 2014 Season has been a tough one for the Otaki-Maori RC. The season began as the last one finished with an abandoned meeting. Due to be run at Trentham the club was left with no option but to abandon after a significant Earthquake late Friday afternoon did not allow anytime for an engineer to clear the buildings for use prior to racing commencing on the Saturday. Whilst this was very disappointing for the club we were thankful for the group that the buildings at Trentham Racecourse came through unscathed. On top of this our largest public participation day the Interislander Family Day on January 5 was all but rained out costing the club around a \$30,000 loss to budget on the day, this was extremely disappointing as this day really is an event that the local community really get in behind with a record crowd of over 5,500 the previous season being reduced to a couple of hundred this year totally due to the appalling weather on the day.

The highlight of the racing season was again undoubtedly the Haunui Farm Group 1 Weight for Age Classic. The field was once again the cream of NZ racing and for the second year in a row it was the countries number 1 rated race under the ANZ ratings. The Club would also like to thank Mark and Sara Chitty and Haunui Farm for their tremendous support of our flagship event. Without their support the club would not be able to sustain a race of this magnitude at the Otaki Racecourse and the news that Haunui Farm would continue their association with the race for the coming season was particularly pleasing. The Club would also like to acknowledge the great work by Haunui Farm’s Marketing and Operations Manager Shannon Taylor in attracting their clients to the day and also assisting the staff with the lead up to the Raceday.

It was great to see the Adrian Bull trained Nashville ridden by Jonathon Riddell defend his crown and win the race for the second successive year. We are always particularly pleased when the lion’s share of the Stake Money remains in the Central Districts. We also hold our annual Members Breakfast on the day and this is a very popular annual event with over 200 people turning up for what was a very entertaining morning leading into a spectacular day of the top quality Horse Racing and rousing live music.

As mentioned in my last year’s report in May the Club undertook significant drainage work to rectify drainage issues in the area from the winning post to past the original Mile Chute. This drainage has now had a year to settle in and I think we will start to see the benefits of this work in the coming seasons. The Club will apply to the DIA Racing Safety Development Fund in September to continue the drainage down the back straight and around to the 600m mark this combined with work to alleviate compaction on the track should bring the Otaki Track back to being one of the better surfaces in the country.

The club like to make special mention of Cavallo Agistment, Farmlands, Horowhenua Shelter Trimmers and Mediaworks who

have once again been great sponsors, and done a great deal in the promotion of our racedays, The Dominion Post, and Long Time Supporter Pat Baker from El Cheapo Cars for his long standing sponsorship of the iconic Raukawa Cup which this season was run on Melbourne Cup Day.

Melbourne Cup Day continues to grow. This season was our second running of the event and to have the Melbourne Cup won by Kiwi in 1983 in one of the most iconic performances ever seen on a racetrack was a real honour. I would like to thank the Lupton Family for making the Cup available and for sharing the day and their memories with us.

The Club achieved a disappointing raceday profit of \$113,527 which was well down by \$27,299 on budget due to the issues with weather and Earthquakes mentioned earlier in the report. We are looking forward to a bit of better luck this season with the weather and have some exciting initiatives for the coming season. Most notably the clubs upgraded membership opportunities including a chance to share in the excitement of a member’s horse which is open to all members. Secondly Pat Baker of El Cheapo Cars is sponsoring the chance to win 4 cars on El Cheapo Cars Raukawa Cup Day held Saturday 18 October this is an exciting initiative and will generate a great buzz for the club on this day.

This being my last year as President of the Otaki-Maori Racing Club I would like to challenge all the Stewards to have a good look at the role they play in the Club. I know personally I have been frustrated with the attendance of some stewards at Committee Meetings and on Raceday. To continue to evolve and move forward we need stewards who are willing to provide idea’s and work to increase participation on our race days, this includes sponsorship, entertainment, facilities, public participation and awareness in the local community.

It has been a great honour to represent the Otaki-Maori Racing Club as President and on the RACE Board over my term and I would like to thank all the stewards of the club and their partners for all their support and especially the hospitality they provide all patrons of the course. Special thanks to Rangi Ransfield and Tom Jamison for their work and support on the RACE Board over the period. I would also like to Thank Alasdair Robertson and the rest of the staff both here at Otaki and from the entire RACE Group. Under Al’s leadership there are some exciting initiatives and reinvestment in the business. I wish the next President all the best and will offer my support where I can to help the club.

Finally the Club would like to send their condolences to all those members and associates of the club who lost Family Members throughout the season, our thoughts have been and are with you.

Doug Logan
OMRC Club President

WELLINGTON RACING CLUB (INC)

We have had another very successful racing season at the Wellington Racing Club. This season we were not favoured by good weather at a number of our meetings, but most importantly the weather was fine through our Cup Carnival. A long time favourite with jockeys, Trentham is a track where every horse gets its chance. This season we have witnessed some very special performances. Group 1 winners Shuka in the Captain Cook Stakes, Irish Fling in the Telegraph Handicap, A Touch of Ruby in the Thorndon Mile and Miss Mossman in the New Zealand Oaks all triumphed over high quality fields.

Given the general economic climate, our race day revenues have held up well, with attendances being on a par if not better than those of previous years.

Telegraph Day saw the running for the first time of the Group 1 Levin Classic as a co-operative venture with the Levin Racing Club. It was a very successful initiative for both Clubs. Adding a Group 1 3 year race to our already stellar Telegraph Day programme made New Zealand’s best racing day even better. We look forward to a long continuing association with the Levin Racing Club and the race.

The Club has adapted well to changing times where all forms of entertainment have suffered from reduced crowd numbers, reduced discretionary spend and reduced sponsorship dollar. Over a relatively short period of time we have moved the style and charm of Cup Day to a higher quality event with the complete elimination of the alcohol issues we faced several years ago.

Racing remains a challenged industry. The pressure is on Racing Clubs to provide quality entertainment. Good sized competitive fields are the keys to successful race days. If we are to sustain good quality racing and increase field sizes then we need horse numbers. To achieve that we need stakes at a level that attract participation in racehorse ownership and provide our trainers and jockeys with livelihoods commensurate with the hard work they

put in. It is also an unfortunate reality that until we can raise stakes significantly we will continue to see the exodus of many of our promising horses to Australia, Singapore and Hong Kong.

In my report last year I noted the impact on the RACE group of high legacy debt levels. Although we might wish it to be otherwise, the fact is that we are simply not going to retire the high debt we have out of revenue. Some good inroads in debt reduction have been made over the last year. The RACE Board has embarked upon a major exercise to identify land holdings that are “surplus to racing” requirements. We are optimistic that over the next few years, with the further realisation of such assets, we can make a significant impact on our debt levels, freeing up revenue for much-needed expenditure on maintenance and facilities.

I would like to take the opportunity of thanking all of the Club’s sponsors for their support during the year. Without that support we could not deliver a quality racing product. In particular I would like to thank Platinum Homes for coming on board as the Wellington Cup Carnival sponsor and committee member Des Coppins for his tireless work arranging sponsors.

I would like to thank the committee for the hours of time given up for the benefit of the Club, our race day stewards whose contribution makes for a great race day experience for our owners, and to our loyal staff for their outstanding achievements with limited resources.

I conclude by thanking all members of the Club for the support they have shown during the year, particularly through their increased attendance and look forward to that continued support in the season ahead.

WRC Club President

RACING REVIEW

Another racing season has passed for the RACE group and once again we have been fortunate to see some exciting racing action across all three venues.

As per every season the first black type race for the Group occurs at Awapuni in September for the Marton JC. The Merial Ancare Metric Mile started the day on a Heavy 10 track that was upgraded to a Slow 8 by the time of the running of the Group 3 event. It would be the Jason Bridgman trained Thrive who would cap off some consistent form with a win by a length and three quarters from Commett and Sacha.

A Heavy 11 track would greet runners in Trentham first meeting for the season, at the end of October. The Momoea Park Wellesley Stakes for the two year olds at Listed status would be taken out by the Keith & Brendon Hawtin trained Cryptic who would run down Jackofall short of the line. The Group 3 Golden Homes Thompson Handicap would see another Northern raider Danza Lad defeat Neo and Spiro in a close finish with three lengths covering the first six home. The main race on the day's card is the Buffalo Man Wellington Guineas over 1500m. The Northern stables would make sure it was clean sweep of the black type races on the day with jockey Rory Hutchings securing his first black type win aboard the Tony Pike trained Sacred Park. It would prove to be a Northern trained trifecta with Role Model being the runner up and Lucky Faith in third place.

The Feilding Jockey Club Ricoh Feilding Gold Cup would provide the biggest upset of the year in a black type race with Little Alfie Brown at 55-1 leading from start to finish to defeat an unlucky Guns At Five and Thrive would provide a Northern trifecta. Earlier in the day I Do gave us a glimpse of her ability when easily taking out the Courtesy Ford Red Craze Bowl. With the transfer of the Group 1 Levin Classic to Trentham in January, the Group 3 Wellington Stakes was transferred to the Levin racemeeting at the end of November. The talented Lucia Valentina trained by Stephen Marsh at the time would defeat Glorious Lad and Lucky Feather. She has since transferred to Kris Lees in Australia and looks capable of securing a Group 1 in Australia in the near future.

December is always an exciting time for the RACE Group and this year proved no different. The Wellington Racing Club December meeting was held on a Dead track and the Group 1 Rydges Wellington Captain Cook Stakes proved to be a thriller with 2.2 lengths covering the first eight home. It would be the Dawn and Peter Williams trained Shuka who would come right down the outside in the hands of Danielle Johnson to defeat a game Viadana and Brave Centaur to yet again provide a Northern trifecta. The three Manawatu Racing Club Christmas Carnival's again provided top class racing action on perfect surfaces. On the first day it would be the Graeme & Debbie Rogerson trained Whistling Dixie who would with stand a fast finishing Miss Selby in the Group 3 Ezibuy Eulogy Stakes. Hotel Coachman Manawatu Cup day would

see former New Zealand Derby winner Military Move return to his best form when defeating Who Shot Thebarman and Santos in the Group 3 feature over 2300m. For trainer Shaun Ritchie it was a very satisfying result as he had won the New Zealand Derby with the horse as a three year old before he was sent to Hong Kong to race. The horse returned to him at the end of his seven year old season from Hong Kong. It was testament to Shaun's training ability that he could get him back winning major races in New Zealand after his time overseas. The second of the days features the Group 3 Cash Converters Manawatu Challenge Stakes would go to top mare I Do who would defeat veteran Fritzzy Boy. That would provide local jockey Jonathan Riddell the feature race double and he went close to securing all three black type races at the carnival having gone down a nose on Miss Selby on the first day.

The Gallagher Marton Cup in January would see a very easy win to the Chris Wood trained Guns At Five. He would sit sixth in the running before being produced halfway down the straight and win easing down by two lengths from Smartly and the pace making Figure Again.

The Platinum Homes Wellington Cup Carnival would again provide first class racing. The first days racing action while raced on a less than desired Good 2 upgraded to a Fast 1 would still provide close finishes all day. The John Wheeler trained Steel Rose would hold out a fast finishing Platinum Balos and Al Pacino in the Nadeem Wakefield Challenge Stakes at Group 2 level. The Mills Reef Trentham Stakes would see an upset with the southern trained Alpine Heights from the John & Karen Parsons stable defeating Dancing Attendance and Map Maker. The Tui Anniversary Handicap would prove an exciting contest with the Jason Bridgman trained Abidewithme defeating southern mare Arietta and Roc De Chine in third place. The first of the two Group 1 features on the day was the transferred Levin Classic. John Bary would quinella the race with Recite defeating Franzac and Aspen in third place. For Recite this was a welcome return to form having the previous season been named the champion two year old for New Zealand. The Group 1 J&N Berkett Telegraph would provide Guy Lowry his first Group 1 and his training partner Grant Cullen his second when there mare Irish Fling would defeat Natuzzi and Jaggard. She was ridden to victory by Mark Du Plessis which provided him the Group 1 double for the day.

Platinum Homes Wellington Cup day again saw a big crowd present and some exciting action on the track. Moozoon from the Stephen McKee stable would defeat a game Miss Selby in the Tiger Prawn Desert Gold Stakes at Group 3 level. The first of the Group 1's would see a massive upset with A Tough Of Ruby winning at 43-1 in the hands of Craig Grylls. A Touch Of Ruby was in foal and this would prove to be final appearance on the track for trainer Stephen Autridge. Costume would indicate a G1 win was not far away by running second and Sacred Star would be third. Craig

Grylls would have one of his best days in the saddle when two races later he would come out on the Mike Moroney and Chad Ormsby trained Graphic and win the Group 2 Platinum Homes Wellington Cup. For Graphic had it been a quick rise through the grades. He would win a Rating 85 at Awapuni on Hotel Coachman Manawatu Cup day before taking out the Dunstan Final at Ellerslie on New Year's Day. For owner Christopher and Suanna Grace it would provide a massive thrill. Skysoblue who looked at one stage to be the winner would be runner up and Guns At Five would be third.

February and again the Haunui Farm Otaki-Maori Group One Classic would be rated New Zealand's top race in the country for the season. In a very even line up Nashville in the hands of Jonathan Riddell would defeat Xanadu by a length and a half with Final Touch in third place. For Adrian & Harry Bull it ended a frustrating run of unlucky efforts as he secured his back to back wins in the race. This race constantly finishes in the top four to five races in New Zealand and its not hard to see why when you go over the past winners of this Group 1 event.

Wellfield New Zealand Oaks Day would be run on a Good 3 track and provide very good racing. The Listed Hylands Race Colours New Zealand St Leger would go to the Kevin Gray trained Sir Gus who would out bob Media World and Full Monty in a thrilling finish. The Hiremaster Cuddle Stakes at Group 3 level would see the promising Neena Rock from the Warren Bolton stable defeat Zurella and Waikaha. Neena Rock had looked very promising throughout her career and this win was very deserving. The Listed Lightrinh Handicap would go the way of the southern trained Natuzzi who would then go on to be successful in Australia. The up and coming Whoseyourmaster and Alleyoop would provide the placings in the race. The main race the Group 1 Wellfield New Zealand Oaks would prove to be an exciting contest with Miss Mossman in the hands of Jonathan Parkes fighting back to defeat Miss Selby and Rock Diva. This would provide jockey Jonathan Parkes his second Group 1 of the season after having previously not having ridden a Group 1 winner.

The end of March again provided some top racing at Awapuni for the Oaks Stud Manawatu Sires Produce Stakes raceday. Raced on a Dead 4 track the first of the four features would be in the Higgins Lawnmaster Manawatu Classic. The Roger James trained Lady Cumquat would be a very easy winner from Mountain Jack and Iffwedance. She would then not be disgraced in running third in the Adrian Knox in Sydney at her next start. Another of the features of the day would be the Ezibuy Awapuni Gold Cup. This time honoured feature would be won by Soriano after a classic Noel Harris ride as she defeated Military Move and Nashville. Noel Harris would be at it again when taking out the Listed Fairdale/Goodwood Studs Flying Handicap. She would defeat Spitfire Lady and Neo in a thrilling finish. The main race of the day the Group 1 Oaks Stud Manawatu Sires Produce Stakes would prove to be a Stephen McKee benefit.

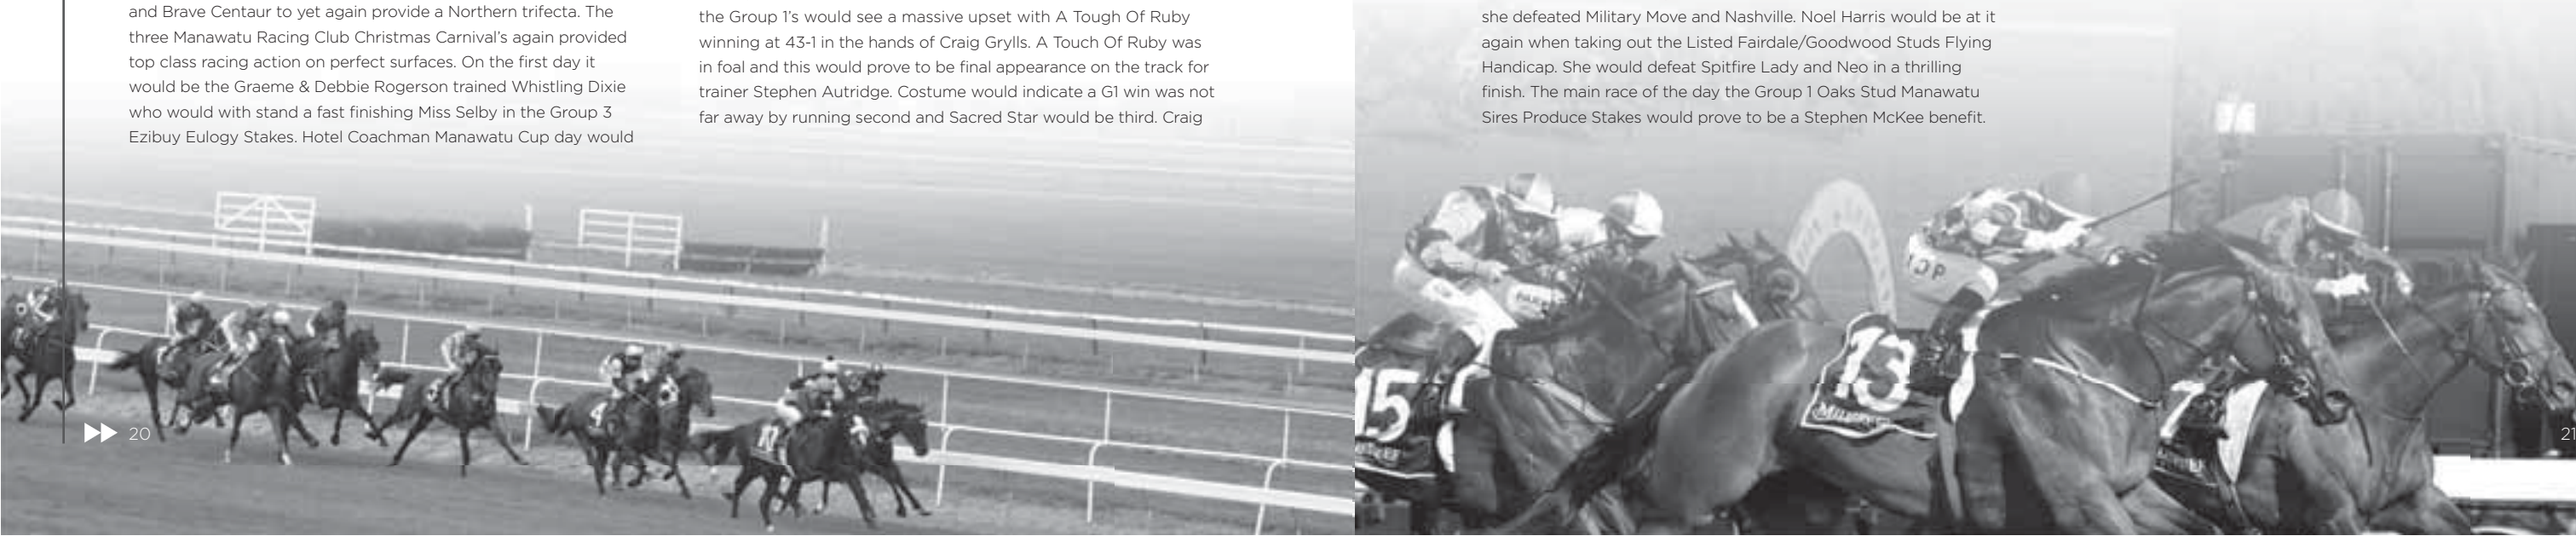

Stephen saddled up three horses in the race and he went very close to providing the trifecta. Sam Spratt would guide O'Marilyn to victory over stablemate Prince Mambo with Artic Wolf third and the other McKee stablemate Passing Shot fourth.

ANZAC day and the feature for the Feilding Jockey Club the Manawatu ITM ANZAC 1600 was taken out by Julinsky Prince from the local King Kamada and Perfect Start. Julinsky Prince would again take out another feature when securing the James Bull Rangitikei Gold Cup this time from Ric O'Shea and Postmans Daughter.

Winter racing would again provide exciting jumping action and Manawatu ITM Awapuni Hurdles would provide a thrilling finish with Indikator pipping Aintree in a head bobber. The LJ Hooker Manawatu Steeplechase would see Tim in the hands of Troy Harris prove a decisive winner over Dummyny and Palermo. July at Trentham and Heavy track as expected met runners. The Dixon & Dunlop Wellington Hurdles would be taken out by Just Got Home who defeated a past winner in Thatz David and Mahanadi. The Grant Plumbing Wellington Steeplechase proved to be one of the highlights of the racing season for the RACE Group of Clubs with a dashing front running display by Rangitira in the hands of Corey Perrett. He would win by fourteen and a half lengths over Tim and Palermo.

The last highlight for the season had to the success attained by Awapuni trainers in the past season. Both Mark Oulaghan and Gary Vile would prepare their first Group 1 winners. Mark Oulaghan would come courtesy of outstanding stayer Who Shot Thebarman in the countries biggest staying race the Auckland Cup. This followed victory in the Group 2 Avondale Cup. Who Shot The Barman rose form a Rating 75 horse at the start of the season to winning New Zealands biggest staying test. Gary Vile would secure his Group One courtesy of Ransomed in the Spring Classic at Hastings. This was an amazing turn around from having run last a fortnight earlier in the Windsor Park Plate and then taking out the Group 1.

Finally Awapuni trainer Lisa Latta would secure the New Zealand Trainers Premiership after having gone so close the season before. Not since 1976/77 has the Central Districts won the national title when Garth Ivil tied with Bill Sanders. You have to go back to 1962 when Eric Temperton won the title to find the last Awapuni trainer to win the Premiership. This was an outstanding feat. We look forward to many more successes from our trainers this season.

FINANCIAL REVIEW

RACE has posted a net loss of \$299,263 before depreciation for the year ended 31 July 2014. This compares to a \$133,439 net loss for the previous year. After depreciation the total loss of the year is \$919,245 compared to a loss of \$780,942 in the 2012/2013 year.

Although the loss is disappointing it needs to be viewed in context of the turnaround underway within RACE.

The draft budget for the 2013/2014 year was for an operating loss pre depreciation in excess of \$500,000 which is clearly untenable.

The previous CFO worked with management and a final budgeted loss of \$202,555 was declared against which we have come in at a loss of \$299,263.

While the result this year includes some comprehensive income from land asset sales made during the year, it is a significant improvement on the original draft position.

The result this year would have been improved were it not for a number of unforeseen issues being earthquakes, adverse weather and yet further falls in grants income to the Group.

These items after some compensation contribution from NZTR and the Safety Fund still accounted for approximately \$130,000 in adverse variances without which our result would have exceeded budget.

Race Meeting Statement

The race meeting result this year was very pleasing especially in the light of the aforementioned weather and earthquake impacts.

The race meeting account produced a surplus contribution of \$1,786,060 against a budget of \$1,670,128.

This is a most impressive performance in our core business with positive variances in marquee and box sales, sponsorship, nominations and acceptances and even on course commissions derived from turnover.

On the negative side we had a downturn in admission fees and stand fees which reflected both the weather and abandonment of race meetings at Trentham and Awapuni.

By venue the performances reflected the issues.

Awapuni Clubs produced a great result being \$83,554 positive to Budget with a contribution of \$724,237.

Otaki Maori Racing Club was \$27,299 negative to Budget reflecting the weather and the abandoned day at Trentham due to the earthquake. Their contribution was \$113,527.

Wellington Racing Club performed well all year against Budget with a positive variance to budget of \$59,678. Their contribution was \$948,296.

Catering

Creative Catering had another good year with a surplus in gross terms of \$365,506.

Creative Catering is a profit share joint venture and as such the net return to RACE is \$179,504.

Creative Catering is growing strongly and this year managed for the first time to crack the \$2m barrier in revenue with a turnover of \$2,248,649.

Creative's management team run a very tight business and both service and controls are second to none in the organisation.

Although the Manawatu conference and function market is intensely competitive Creative Catering continue to dominate the market and for this year further growth is planned through the

appointment of a dedicated Wedding Consultant to even further grow the business.

Trentham Gardens had a sparkling year after last year's disappointing result with a net contribution of \$172,257. This compares with last year's contribution surplus of only \$66,000 so a great result from Trentham Gardens and of great credit to the management and staff in the team.

Turnover this year was \$1,613,313 supported by some significant conferences over the year.

We are very optimistic for Trentham Gardens performance this coming year. While we have budgeted relatively prudently to achieve a similar result to last year the work done by the management team has seen some impressive bookings in place for the new season.

Property

Over the year we completed the final sale in the Grand Oaks Development. Last year we reported that the sales had been completed however the last section fell through at the last minute.

All sections have now been sold.

In addition we have concluded the sale of some other surplus land holdings in a strip of land at Trentham beside the chute to Summerset Retirement Village and a 3 hectare parcel of land on Shirriffs Road at Awapuni.

Tracks and Training

Net tracks and training costs amounted to \$251,930 compared to \$238,272 last year.

Horse numbers have been strong at Awapuni and Otaki with 319 and 83 in work respectively at peak.

Track fee revenue was \$514,259 up on last year by \$12,766.

Finance Costs and Debt Position

Finance costs this year amounted to a total of \$415,569.

We have been fortunate to be carrying our debt burden in times of low interest rates however the scale of debt is unsustainable especially as interest rates increase.

Our current debt position is \$8.6m with a budgeted planned reduction this year to \$8.1 million through the sale of targeted surplus land parcels.

Our debt reduction plan is to be at a sustainable level of debt under \$3m by 2018.

Balance Sheet

Cash on hand / bank accounts at balance date totalled \$457,742.

This is \$14,878 different to the balance date last year reflecting the retention of land sale funds but also careful cash, debtor and creditor management over the year.

The BNZ and NZRB Loan facilities were rolled during the year with the NZRB facility extended for a further 5 years.

During the year we conducted a market assessment of other funding options and we were pleased to remain with BNZ as our core funding partner.

The BNZ and key management staff have been very supportive during the year and of great assistance as a commercial and funding partner.

NOTES TO THE ACCOUNTS 2014

Note 1 - STATEMENT OF ACCOUNTING POLICIES

Reporting Entity

Racing at Awapuni, Otaki and Trentham Combined Enterprise Incorporated (RACE Inc) is an incorporated society established under the Incorporated Societies Act 1908.

RACE Incorporated is a formal partnership between the Manawatu Racing Club, Marton Jockey Club, Feilding Jockey Club, Rangitikei Racing Club, Wellington Racing Club and the Otaki-Maori Racing Club.

General Accounting Principles

These Financial Statements are prepared in terms of Section 28 (2) of the Racing Act 2003 and generally accepted accounting practice in New Zealand with the Racing Act having preference.

The general accounting principles recognised as appropriate for the measurement and reporting of results and financial position on an historic cost basis have been consistently followed except as specifically mentioned below.

Specific Accounting Policies

RACE Incorporated qualifies for differential reporting as it is not publicly accountable and it does not qualify as large. The Club has applied the differential reporting exemptions allowed in relation to the following standards:

FRS 10: Statement of Cash Flows

FRS 31: Disclosure of Information about Financial Instruments

Accounts Receivable

Accounts receivable are stated at net realisable value.

Stock on Hand

Stock on Hand is valued at the lower of cost and net realisable value.

Property, Plant & Equipment

Property, Plant & Equipment is stated at acquisition cost to RACE Inc. Depreciation is provided at rates to write the assets off over the estimated life of those assets.

Stands	1 - 2.5%	SL
Buildings & Improvements	1 - 15%	SL
Plant, Equipment, Furnishings	15 - 20%	SL/DV
Vehicles	15 - 20%	SL/DV

Kitchen Equipment is stated at acquisition cost and all replacements are written off in the year of purchase.

Property Intended for Sale

Property Intended for Sale is stated at the lower of cost and net realisable value.

Investments

Investments are stated at the lower of cost and net realisable value.

GST

All transactions are recorded exclusive of GST and the refund due as at 31 July 2014 is included under Current Assets in the Statement of Financial Position.

Changes in Accounting Policies

There has been a change in accounting policy for specific accounting policies as the Statement of Cash Flow is not being presented.

Note 2 – BORROWINGS

NOTES TO THE ACCOUNTS 2014

Note 4 – INVESTMENTS

RACE Inc on behalf of the six member Clubs is a member of the Central Districts Cluster Partnership and holds an investment of \$30,206 (2013 - \$29,263).

Note 5 - COMMITMENTS

RACE Inc. entered into an agreement on 5 May 2011 for the lease of two new photocopiers at Awapuni and Trentham.

The term is 60 months.

RACE Inc. entered into an agreement on 11 October 2013 for the lease of a new vehicle at Awapuni for the CEO. The term is 36 months.

Note 6 – Related Parties

Board member John Henderson is a partner of law firm Evans Henderson Woodbridge who have provided legal services to RACE during the year. RACE has also purchased products from Ravensdown Fertiliser Co-op Ltd of whom John Henderson is a director.

Board member Graeme Martin is the owner of Martin Engineering who provided engineering services at Awapuni during the year.

Board Member Paul Humphries is the owner of Humphries Construction Ltd who have provided building work at the Awapuni during the year.

Various Board members and their associated entities may have also provided sponsorship monies for race meetings during the year.

All of the above transactions are within the normal conditions of trading.

Note 7 – CONTINGENT LIABILITIES

There are no known contingent liabilities as at balance date (2013: Nil).

Note 8 - REVENUE

Race Inc had a total income for the 2014 season of \$18,117,104 (2013 - \$17,181,969). Included in this is \$1,226,284 (2013 - \$1,115,052) of charges between the various RACE divisions.

Note 9 – EARTHQUAKE PRONE BUILDINGS

Wellington Racing Club has received notification from Upper Hutt City Council regarding the assessment of earthquake prone buildings. RACE has significant building infrastructure at Trentham with a book value of \$7.7m. The Upper Hutt City Council desktop assessments indicate that most buildings are below the minimum safety threshold and for financial reporting purposes this could result in a significant impairment to the valuation of these buildings.

RACE has engaged an engineer and an initial assessment indicates that the buildings could meet the code. A full engineer's report is in the process of being completed. Once this is done and if required, an exercise to assess the value of any impairment for these buildings will be carried out and therefore any such associated financial impact cannot be quantified in these financial statements.

AUDITORS REPORT

INDEPENDENT AUDITOR'S REPORT

To the Members of Racing at Awapuni, Otaki and Trentham Combined Enterprise Inc (RACE)

We have audited the financial statements of RACE, which comprises of the statement of financial position as at 31 July 2014, the statement of financial performance, the statement of movements in equity and cash flow statement for the year then ended. These include a summary of significant accounting policies and are prepared in accordance with Section 28 (2) of the Racing Act 2003.

Boards' Responsibility for the Financial Statements

The Board is responsible for the preparation and fair presentation of these financial statements in accordance with generally accepted accounting practice in New Zealand and for such internal control as the Board determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing (New Zealand). Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Other than in our capacity as auditor of Wellington Racing Club, Rangitikei Racing Club, Otaki Maori Racing Club, Manawatu Racing Club, Marton Jockey Club and Feilding Jockey Club, we have no relationship with, or interests in, RACE.

Basis for Qualified Opinion

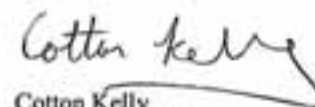

As disclosed in the financial statements in note 9, Wellington Racing Club has received notification from Upper Hutt City Council regarding a desktop assessment of earthquake prone buildings. RACE has significant building infrastructure at Trentham. The Upper Hutt City Council assessment indicates that some buildings are below the minimum safety threshold and for financial reporting purposes this could result in a significant impairment to the valuation of these buildings. An exercise to assess the value of any impairment for these buildings is not yet complete and therefore the associated financial impact cannot be quantified in these financial statements.

Qualified Opinion

In our opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph, the financial statements present fairly, in all material respects, the financial position of RACE as at 31 July 2014 and its financial performance and cash flows for the year then ended, in accordance with generally accepted accounting practice in New Zealand and Section 28 (2) of the Racing Act 2003.

Emphasis of Matter

As disclosed in the statement of financial position, the accumulated funds has a deficit balance of \$4,557,608 in 2014. This is a result of current and previous years operating deficits. The Board believes with continued support from it's funders and the New Zealand Racing Board, the adoption of the going concern assumption remains appropriate. Our opinion is not qualified in respect of this matter.
